COMMENTS ON CONTENT						
Nice to have a 'hero statement' on this page. Egg's concept of "Innovation that Performs…" or similar. Direct links to UAVE and REMSAFE main pages	Our Business: summarise identity, vision and strategy Our Experience: Demonstrate historical timeline of acheivments	Overview page: summary of Orbital's currents exposure to two high growth businesses. Links to UAVE and REMSAFE Aviation Technology: High level summary of the UAVE business, technology, customers, core capabilities. Images of UAVE engine, components etc.Include images and if possible, video.	Commercialisation: Demonstrate graphically how Orbital can capture, develop, commercialise and deliver products to market Development: Discuss Orbital's technical skills, experience & facilities	This information is fairly standard. As per original website will work in this case. Important to have the ability to archive past announcements/reports by year	As per existing website. Do you get many hits via this? Is it worthwhile? KEEPING - Content to be finalised ALIGN COMMON FORMAT WITH REMSAFE/across sites	As per existing website ADD CAPTCHA & MAILOUT SIGN UP
Retain 'investor section' on this page to include ASX announcements, share price, video information	Board & Management: short bios, images Governance, REMOVE and Corporate Directory - content as per previous site	Safety and Productivity: Overview of REMSAFE business, technology, process flowsheet, benefits. Include images and if possible, video.	New business Acquisitions: highlight the Orbital is "open for business"	Share price tab - to include latest share price, chart Investor Information - details of share registry, link to registry and other relevant investor information		

ADD NEW BACKGROUND FEATURE:
